

pursuant to Section 19(b)(3)(A) of the Act⁶ and Rule 19b-4(f)(6)⁷ thereunder.⁸

A proposed rule change filed under Rule 19b-4(f)(6)⁹ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁰ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the operative delay so that the proposed rule change may take effect immediately, thereby immediately preventing any confusion that could arise from the current references. The Commission notes that the proposed rule change does not present any new, unique or substantive issues, but rather is merely updating an out of date rule reference in one CBOE rule. Therefore, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest and designates the proposed rule change as operative upon filing.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

⁶ 15 U.S.C. 78s(b)(3)(A).

⁷ 17 CFR 240.19b-4(f)(6).

⁸ In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied the pre-filing requirement.

⁹ 17 CFR 240.19b-4(f)(6).

¹⁰ 17 CFR 240.19b-4(f)(6)(iii).

¹¹ For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-69685; File No. SR-MIAX-2013-25]

Self-Regulatory Organizations; Miami International Securities Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 520 To Clarify the Description of the Operation of the Exchange's Route Timer

June 3, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 22, 2013, Miami International Securities Exchange LLC ("MIAX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend Rule 529(b)(2)(iii) to clarify the description of the operation of the Exchange's route timer set forth in the rule text.

The text of the proposed rule change is available on the Exchange's Web site at http://www.miaxoptions.com/filter/wotitle/rule_filing, at MIAX's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend Rule 529(b)(2)(iii) to clarify the description of the operation of the Exchange's route timer set forth in the rule text. Specifically, the Exchange proposes to amend the language in Rule 529(b)(2)(iii) to more clearly specify that (i) at any point during the route timer the initiating order and all joining interest on the same side of the market is either traded in full or cancelled in full, the route timer will be terminated and normal trading will resume, and (ii) if at any point during the route timer a change in the ABBO would allow all or part of the initiating order and any joining interest on the same side of the market to trade on the Exchange at the revised NBBO, the route timer will be terminated and normal trading will resume.

In accordance with the Options Order Protection and Locked/Crossed Market Plan (the "Plan"), the Exchange provides price protection in options by routing intermarket sweep orders to other options exchanges. Intermarket sweep orders may be routed to another options exchange when trading interest is not available on MIAX, is of insufficient size, or when MIAX is not at the National Best Bid or Offer ("NBBO") consistent with the Plan. Orders that are routable may either be eligible for immediate routing, provided the criteria for immediate routing are met, or may be subject to a route timer.

Public Customer orders not eligible for immediate routing are be subject to a route timer. The route timer allows Market Makers and other market participants an opportunity to interact with an order before it is routed to another options exchange. At the start of the route timer, the Exchange's trading system broadcasts a Route Notification message to subscribers of its market data feeds providing details about the order to be routed. During the timer, which does not exceed one second, Market Makers and other market participants may submit certain order and quote types at any price level. If during the route timer the Exchange receives a new order or quote on the opposite side of the market from the initiating order that can be executed, the System will immediately execute the remaining contracts. Conversely, if during the route timer the Exchange receives orders or quotes on the same side of the market as the initiating order, such new orders or quotes will join the initiating order in

the route timer. The Exchange's trading system will disseminate an updated MIAX Best Bid or Offer ("MBBO") that includes the new order or quote size.

If at any point during the route timer the initiating order and all joining interest on the same side of the market is either traded in full or cancelled in full, the route timer will be terminated and normal trading will resume. In addition, if at any point during the route timer a change in the Away Best Bid or Offer ("ABBO") would allow the initiating order and any joining interest on the same side of the market to trade on the Exchange at the revised NBBO, the route timer will be terminated and normal trading will resume.

At the end of the route timer any contracts that could not be executed and are marketable at the original NBBO on another exchange are marked as an intermarket sweep order and routed to the appropriate away market.

The Exchange proposes to amend the description set forth in Rule 529(b)(2)(iii) to more clearly reflect the above description of the trading system functionality with respect to a change in the ABBO that would allow all or part of the initiating order and any same side interest to trade on the Exchange at the revised NBBO. The Exchange is now proposing to revise the last sentence in Rule 529(b)(2)(iii) by splitting the sentence into two sentences. The Exchange believes that this less complicated sentence structure clarifies that if there is a change in the ABBO at any point during the route timer that would allow all or part of³ the initiating order and any joining interest on the same side of the market to trade on the Exchange at the revised NBBO, the route timer will be terminated and normal trading will resume. The Exchange believes the revised language will help eliminate potential confusion regarding the operation of the route timer.

2. Statutory Basis

MIAX believes that its proposed rule change is consistent with Section 6(b) of the Act⁴ in general, and furthers the objectives of Section 6(b)(5) of the Act⁵ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating

transactions in securities, to remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest, and it is not designed to permit unfair discrimination among customers, brokers, or dealers. The proposed clarification will protect investors and the public interest by eliminating potential confusion that could be caused by the existing language used to describe trading system functionality.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. Specifically, the Exchange believes the proposed rule change will not impose any burden because the Exchange is merely amending its Rules so that they clearly reflect the system functionality.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act⁶ and Rule 19b-4(f)(6) thereunder.⁷ Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if

⁶ 15 U.S.C. 78s(b)(3)(A)(iii).

⁷ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

³ The Exchange amended its filing to add the term "all or part of" to this sentence; the term had been inadvertently omitted from the original filing. See email from Claire McGrath, Legal Consultant, MIAX, to Sara Gillis Hawkins, Special Counsel, Commission, dated May 28, 2013.

⁴ 15 U.S.C. 78f(b).

⁵ 15 U.S.C. 78f(b)(5).

it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B) of the Act⁸ to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
