

CONTINUOUS QUOTE RELIEF FORM

If a technical failure or limitation of a system of the Exchange prevents a Market Maker from maintaining timely and accurate electronic quotes, or prevents a Market Maker from communicating to the Exchange; the duration of such failure shall not be considered in determining whether the Market Maker has satisfied the quoting standard with respect to that equity security. The Exchange may consider other exceptions to this continuous electronic quote obligation based on demonstrated legal or regulatory requirements or other mitigating circumstances.

Market Makers seeking relief from the continuous quoting standard must provide the following information to the Regulatory Division at Regulatory@MIAXEquities.com as soon as practical during the current trading session.
